

## MultiSpeed MultiPoint™- Unique to XetaWave

- Enables both high and low speed remotes to operate on the same network with a **single** master
- Single “slow link” does not degrade entire network
- Mix and match serial and Ethernet
- Up to 4.4 Mbps with 900 MHz and 961 kbps with serial only models
- 70+ mile range, up to 3.5Mbps @ 20 Miles, >1 Mbps @ 40 miles\*!

*\*Note: Based on acceptable RF conditions and installation – specific mileage may vary*
